April 2013

EARTH WEEK 2013

Join us for a week of information and events focused on environmental stewardship and learning about our day-to-day decisions that impact our Earth’s environment! What better place to make an impact than right here at Lawrence Crossing?! Join us April 23rd (Earth Day) for our annual Campus Clean-Up event, and help to improve our world, starting with our own community.

EARTH DAY FUN FACTS:

- 20 million people celebrated the very first Earth Day in 1970... in 2010, 180 countries and an expected 1 billion citizens will participate.
- 1 recycled aluminum can saves enough energy to power a television for 3 hours!
- The amount of wood and paper we throw away is enough to heat 50 million homes for 20 years.
- Did you know...this piece of paper contains 30% post-consumer waste recycled paper?

Trivia Questions of the Month

Q: Where and how did April Fool’s Day originate?

Q: How many (non-recyclable) Styrofoam cups are used each year in the United States?

Be the first to submit the correct answer to either question to Garrett Nogan and you will win a PRIZE! Also, check out the Meet Your Staff newsletter for more questions & prizes!
