

A hybrid course is essentially an online course, but also will require four (4) or more on-campus or synchronous online meetings. These campus meetings are scheduled in advance by the instructor, and may be used for any combination of lectures, discussions, presentations, labs, examinations, etc. Required campus or synchronous online meeting dates will be listed with the course information on the College's Credit Schedule and the instructor's Course Outline.

ACCT-203: Financial Accounting
BIOL-103: Environmental Biology
BIOL-116: Human Biology
BUSN-127: Customer Service
BUSN-214: Marketing
BUSN-221: Business Leadership
CHEM-100: Descriptive Chemistry
CHEM-101: Chemistry I
COMM-101: Introduction to Mass Communications
COMP-215: PC Management Techniques I
COMP-244: Microcomputing Operating Systems
DRFT-108: 3-D Geometric Modeling/SolidWorks®
DRFT-112: Geometric Dimensioning & Toler (GD&T)
DRFT-115: Engineering Graphics
DRFT-120: Technical Graphics with AutoCad
ECON-101: Economics-Macro
ENGL-062: Preparatory Integrated Reading and Writing
ENGL-101: College Writing
FSVC-110: Hospitality Management
FSVC-126: Food Safety Certification
FSVC-135: Events Management
FSVC-201: Quantity Food
FSVC-203: Food & Beverage Purchasing
FSVC-210: Hospitality Law
FSVC-211: Cultural Cuisines Around the World
FSVC-220: Catering Management
FSVC-230: Hosp Cost Control & Analysis

MATH-117: Technical Mathematics I

MECH-103: Manufacturing Processes & Materials

MECH-114: Comp Numerical Control (CNC) Program

NURS-135: Role Transition to Nursing Process

PHED-125: Physical Wellness

PHSC-110: Environmental Science

PSYC-202: Educational Psychology

PTAP-101: Seminar I
